Windows and Doors

SLIDING PATIO DOORS

# FEATURES & BENEFITS

- Heavy-duty virgin vinyl frame
- Built for either right or left slide
- Sliding panel travels on a hardened stainless steel track cover for smooth and long lasting operation
- Tandem steel trolleys with 4 oversized ball bearing rollers for easy operation
- Steel-reinforced panels for durability
- Glass is bonded to the frame for a stronger seal
- Exclusive weather-barrier sill for protection from wind and water
- Heavy duty screen standard
- Available in two and three panels
- Blinds available between glass panes

## Hardware Options

Your door will come with some of the finest powder coated or metallic hardware finishes in the industry. Doors in our standard vinyl color come with our standard hardware colors. Dark oak and cherry come standard with cocoa brown inside and white on the outside. Light oak comes with beige inside and white outside. Custom painted doors come standard with bright brass.

### Standard Colors

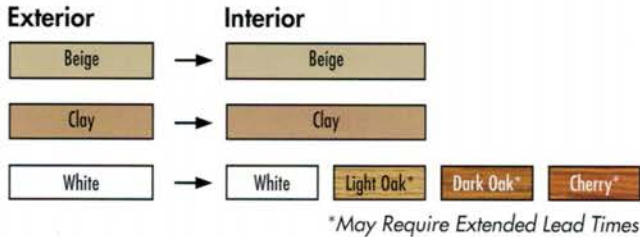

- 1 Cream White
- 2 Beige
- 3 Blue White
- 4 Clay
- 5 Cocoa Brown

### Optional Colors

- 6 Brushed Chrome
- 7 Bright Brass
- 8 Bright Chrome
- 9 Black Nickel

## Standard Color Options

Standard interior window colors are white and beige. Optional wood grain finishes are light oak, dark oak, and cherry.

## Custom Exterior Colors

Standard exterior colors are white, beige, cocoa brown, and clay. Optional color choices include ten standard colors in a semi-gloss finish. In addition to the ten custom colors, **we can custom mix a color** to your specifications. All you need to do is send us a sample of the color you would like. In all cases the finish is extremely UV resistant and comes with a twenty year warranty.

### Mix and Match

Wood grain is available with all standard and custom colors which may require extended lead times. Colors are only representative of the actual vinyl colors and painted colors. For a more exact match refer to actual vinyl and color chip samples.

## Glass Options

Your choice of double or triple pane, low-E glass options and gas fill will directly affect the efficiency of your new windows. We offer a variety of options to fit your region of the country and your budget. Our eK2 and eK366 glass options along with argon or krypton gas fills are options that you will want to discuss with your window representative.

## Grille Options

The dust-free grilles are placed in the air space between the window panes. They are offered in seven different colors and three styles; brass pencil, sculptured and flat.

Brass Pencil

3/4" Sculptured

5/8" Flat

## Grille Pattern Options

Prairie

# Super Spacer®

Super Spacer® technology is standard with all of our windows. It has a long list of advantages over all other glass spacer systems. Among them are, it is a true warm edge using high performance acrylic adhesives and flexible foam. It retains argon gas like no other spacer.

# SLIDING PATIO DOORS

Sliding Patio doors are the solution to the problems of older patio doors that no longer suit your needs. Our patio doors are efficient, low-maintenance, and resistant to air, wind, and rain. Enjoy the full view of the beautiful outdoors while keeping warm and dry. With Vinyl Kraft Sliding Patio Doors, you not only get a door with a view, but beauty that stands up to the test of time. Durable materials provide superior strength and exceptional thermal performance, adding value to your home. For an optimal view and a great outside look, consider adding tandem fixed lights to the sides or even a round top above the door.

## Sliding Patio Door Performance Values

Meets all Energy Star zones	# Glass Panes	Glass Type	Gas Fill	U Values	SHGC	VT
	2	eK2	Argon	0.30	0.30	56%
	2	eK366	Argon	0.29	0.22	52%
Triple Pane	3	eK2	Argon	0.23	0.25	44%
